HELLO.

Dear Residents, if you are like us, then you desire more sunny weather! From our family to yours, we wish you a productive spring filled with rich relationships, simplifying spaces, and of course some Easter events and jellybeans! As for us, we will spend the spring preparing for our daughter's college graduation, watching for blooming hydrangeas, and working hard for you! ...Take care and stay safe!

... Sincerely,

*James &
Teresa

Simplifying Spaces.

Go through your closet and make some love it (or) let it go decisions! Declutter your workspace, keep as few items as possible! Clear the nightstand, it will look hotel like!
